Customized  
Team-Building  
Sessions  
(Ask for Details)

on a community revitalization project in Oak Ridge on the island of Roatan. This once thriving area has fallen on hard times and needs assistance fixing up their homes and businesses prior to the cruise lines increasing visitors next year. This is an opportunity to **completely change the future** of this once picturesque community!

This is an incredible opportunity to **make a difference** in someone's life! Imagine the feeling your team will get from having accomplished something that will bring joy to an entire village! Spend 1-3 hours per day of your week long trip teaching and giving back to a community and also enjoy a stay at the beautiful, eco-friendly Mango Creek Lodge!
